Phone: 860-883-2581-Fax:860-870-6181

Recently the Family Resource Center budget was projected to be reduced by 50% at the State Department of Education level and the potential for further cuts or possible total elimination of this grant is currently being considered.

We are asking that if your family was at any time, if your family is currently enrolled in, or if your family is engaged in and attends any programming run by the Vernon Family Resource Center, that you please write a statement/story about what the Vernon Family Resource Center means to you and your family. Thank-you for your time and consideration!

What does the Family Resource Center mean to you and your family?

My family has greatly benefited from the programs offered by Vernon family resource center. My sons 4 and 2 years old regularly attend the play & learn with me at the Maple Street school. It has greatly helped them grow socially and in working & development of their motor skills, listening and interacting with friends in a group setting. They look forward to it every week and always have fun with the activities that are setup. This is very important for them as these experiences they have in early childhood are helping them grow at all levels. We also participate in the library programs and my children love the activities that are provided by the family resource center. Most recently we are also benefiting from home visits and it is very important for my children that they have these services that help them & would help them succeed in future.
